

FOOD PRESERVATION CLASS

SAT., JUNE 11, FROM 1-4 PM

Planning a big garden? We'll help you keep it throughout the year by demonstrating how we put it up, through canning, freezing, drying, vacuum seal, you name it, there are many ways to preserve your homegrown foods, while optimizing nutrition! You'll do it yourself, plus get lots of tips, and take home info on which process is best for which foods and step by step notes.

Cost \$20
