

# LEE & LINDA'S ORGANIC GARDEN WORKSHOP

**SAT., JULY 10 FROM 9:30 AM—1:30 PM**

Come with us through our organic gardens. Discover how working with nature can give you a bountiful harvest, tons of satisfaction, & great exercise with a purpose! Much more than a garden tour, this workshop offers methods that we use to create food & beauty in the garden without the use of synthetic fertilizers, herbicides, insecticides, etc. Learn the ins and outs of navigating Nature's obstacles and gifts, with lots of info to take home. Enjoy a garden lunch, as well. The garden is a living organism, made up of components that complement & balance each other. We are all always learning, and the more we pay attention to what our plants and soil are telling us, the better gardeners we will become. Cost: \$30

**Advance reservations only—please call us at**
